Sew Steady / Westalee Free-motion Ruler Workshop – supply list

This workshop will cover basic set-up as needed, trouble-shooting typical problems and how to create many design options with your 6-piece Sampler Set. If you only have a long-arm machine & rulers I might have a set to fit your more portable machine to borrow for class. Let me know ahead to reserve.

*I will have these items available for sale. ** Tables need to be ordered several weeks ahead, so plan accordingly.

Supplies:

- * ½” Ruler Foot for your model of machine [Bernina owners – you’ll need an adaptor to use the Sew Steady foot; I have old style & new styles #77 adapters but not #72 Bernina ruler foot.] ***If you don’t have any rulers or ruler foot yet e-mail or call so can figure out what type you’d need and to make sure I have them available at class.
- * 6-piece Westalee Sampler set of rulers
- * Janet Collins Ruler Quilting design book [recommended]
- * “slider” sheet [I have Sew Slip brand 18x 12 for \$28.75]
- straight-stitch needle plate [optional but really helps- purchase from your machine dealer]
- ** Plexi-glass quilters table [I can order but you need a 3 weeks since they’re made to order]
- * 90/14 Topstitch needles [bring several and have a new one in your machine]
- * “grippy” fingertips or gloves [optional but helpful]
- * Crosshair marking ruler [optional, you can borrow mine to try]
- All-purpose polyester thread or 50w cotton – bring several colors, types if you have; not too dark
- *Fabric markers that will show on your choice of fabric colors
- At least 6 fat-quarter sandwiches – solid, med. colors for top are best so ruler white lines show.
- **Recommended** - A cushion to sit on will bring you to a better height [or an adjustable height chair]

Prep:

1. Prepare your quilt sandwiches. Use cotton batting and just use steam to press together and you won’t need any basting, pins etc.
2. Wind several bobbins with the thread to match the top.
3. Make sure to clean the lint from your machine
4. Make sure you have a new 90/14 topstitch needle in your machine
5. If you already own the rulers, please put little ¼” – ½” pieces of “Stable Tape” on your rulers.
6. Optional - Attach your foot, if you can, to save time
